

Experience Is Everything®

When you choose a senior living community, you're making more than an investment of retirement savings; you're making an investment of the heart. Choosing a community managed by Life Care Services®, An LCS® Company, means putting both in the hands of an organization that has a rich history of providing quality senior living for nearly five decades.

"Many of our residents say they wish they'd moved to the community sooner. It's a good life, made better with friendly, helpful staff who go the extra mile to make your day. At Life Care Services communities, we promise to make life easier, more enjoyable and more rewarding than ever."

— Joel Nelson, LCS president and CEO

An  LCS Company

Since 1971, Life Care Services has put residents first. We listen carefully to what our residents and families tell us and continually look for ways to improve upon what we're doing. *It's what led us to introduce:*

- 1 A lifestyle and health services wellness philosophy that supports each resident's lifestyle choices
- 2 True choice and flexibility in how health services are delivered, including a resident-centered approach in every community we manage
- 3 *Heartfelt CONNECTIONS* – A Memory Care Program® that is person-centered and grounded in the belief that the abilities that remain are far more important than what is lost
- 4 Return-of-Capital® Plan entrance fees that help residents in our Life Plan Communities preserve their estates
- 5 Thorough and thoughtful training, as well as ongoing educational opportunities, to ensure that every employee is well equipped and happy to provide outstanding service to every resident

At communities managed by Life Care Services, we continually survey resident satisfaction and use the feedback to create programs and services that help residents thrive. We're pleased to report that 95% of residents living in communities managed by Life Care Services would recommend their community to a friend.
